PROFILE

I'm Muhammad Irfan, a WordPress Developer with 3+ years of experience. I work with agencies and freelancers to build custom, responsive, and high-performing WordPress websites. From Figma/PSD conversions to urgent overflow tasks, I deliver fast, reliable, and scalable solutions—making me a dependable partner for long-term support.

WORK EXPERIENCE

RetroCube 2025 - PRESENT
Project Manager

- Gather client requirements and translate them into clear project plans.
- Assign tasks to the development team, monitor progress, and ensure deadlines are met.
- Maintain regular communication with clients and provide updates until project delivery.

Gexton 2023 - 2024
Backend Developer

- Ensure application performance, scalability, and data security.
- Develop and maintain server-side logic, APIs, and database interactions.

Netroots Technologies 2021 - 2023
Frontend Developer

- Build responsive user interfaces using HTML, CSS, JavaScript, and frameworks.
- Implement design mockups and optimize UI for speed and accessibility.
